

CompactLogix SERCOS Interface Module, Firmware Revision 17

Catalog Number 1768-M04SE

About This Publication

Use these release notes for firmware revision 17.10.

Module	Cat. No.
CompactLogix SERCOS Interface Module	1768-M04SE

IMPORTANT

Before updating your CompactLogix SERCOS Interface Module, we strongly recommend that you review information pertinent to previous major firmware revisions. For example, when updating from revision 16.x to 17.x, view information for revision 16 in the CompactLogix SERCOS Interface Module, revision 16 Release Notes, publication [1768-RN006](#), in addition to the content of these release notes.

Firmware release notes contain material for all minor revisions subsequent to each major revision. If your controller, for example, is at revision 16.3, and not the last minor revision, 16.5, you should view all of the information for revision 16.3...16.5 before updating to revision 17.10.

CompactLogix SERCOS Interface Module, Revision 16 Release Notes, publication [1768-RN006](#), are available at <http://literature.rockwellautomation.com>.

Compatible Revisions

To use firmware revisions 17.x of the 1768-M04SE module, update your system to the following revisions.

Update	To revision
RSLink Classic software	2.54 or later
RSLink Enterprise software	5.17 or later
RSNetWorx	9.00 or later
RSLogix 5000 software	17
CompactLogix controller	17.02

Additional Resources

These documents contain additional information concerning related Rockwell Automation products.

Resource	Description
Industrial Automation Wiring and Grounding Guidelines, publication 1770-4.1	Provides general guidelines for installing a Rockwell Automation industrial system.
Product Certifications website, http://ab.com	Provides declarations of conformity, certificates, and other certification details.

You can view or download publications at <http://literature.rockwellautomation.com>. To order paper copies of technical documentation, contact your local Rockwell Automation distributor or sales representative.
