

# SoftLogix5800 SERCOS Interface Card, Firmware Revision 19

Catalog Number 1784-PM16SE

## When To Use These Release Notes

Use these release notes for information about firmware revision 19.6.

### IMPORTANT

Consider the following before updating your SERCOS interface card:

- Before updating your card, we strongly recommend that you review information pertinent to previous major firmware revisions. For example, when updating from firmware revision 17.x to 19.x, view information for firmware revisions 17 and 18 in these publications:
  - SoftLogix 5800 SERCOS Interface Card, Firmware Revision 17 Release Notes, publication [1784-RN539](#)
  - SoftLogix 5800 SERCOS Interface Card, Firmware Revision 18 Release Notes, publication [1784-RN540](#)

Release notes contain material for all minor firmware revisions subsequent to each major firmware revision. If your card, for example, is at firmware revision 17.00, and not the latest firmware revision, such as 18.03, you should view all of the information for firmware revisions 17.0...18.03 before updating to firmware revision 19.xx.

Release notes are available at:
